
DocuPunch®

High Production Automatic Punch

Punching Powerhouse

This versatile machine offers high volume punching power in a compact, fre-standing unit, engineered to make quick work of a wide range of demanding punching projects. It is operated by a simple touch-key control panel featuring preset standard specifications. Ergonomic styling allows all operations to be performed from the front of the machine (including tool changes).

The DocuPunch high speed automatic punching machine is capable of producing 30,000 punched sheets per hour. With a wide assortment of die patterns and fast changeovers, it punches pre-printed collated documents directly from the copier or printer. It also punches tabs collated into the finished sets. The DocuPunch also features a unique positive sheet pick up with beak and 3-sided jogger for perfect punching registration.

The DocuPunch also includes retractable pins, automatic sheet feeder, fast tool change, and allows sheet sizes of 138x138mm to 330x330mm.

Warranty: Parts, one year limited. Labor 90 days.

Installation: Required/additonal charges apply
